### Extended Abstract

**Motivation.** Please include a brief survey of the research topic, the research questions being asked, and why the answers to these questions are important.

**Approach and Methodology.** Please summarize succinctly how the study was carried out, and why certain methods are used.

**Results.** Please summarize only the key results, and whether and which research questions they answer.

**Conclusions and Outlook.** Please provide one or two short summary statements, and describe additional studies likely to be completed by the time of the conference.

The extended abstract must include a short list of references [?], but should also take advantage of the second page to include figures on the research questions, the methods, and the results, with appropriate cross referencing in the text. For studies involving humans and animals, we ask for an ethics statement to be included at the end of the abstract.
